4. PRINCIPLES OF FINANCING

4.1 Financing Concept

This Financing is based on the Shariah principle of Tawarruq or Commodity Murabahah.

4.2 Financing Mechanism Under Tawarruq or Commodity Murabahah Principles

(a) At the Applicant's request via the "Purchase Request with Promise (Wa'd) to Purchase" as contained in the Application Form ("Purchase Request"), the Bank will purchase commodities or assets approved by Shariah ("Commodity") as promised in the Purchase Request.

(b) The Applicant appoints the Bank as an agent to carry out the following tasks:

(i) First Appointment

As an agent to purchase the Commodity from the Bank on behalf of the Applicant through the "Bank Appointment Letter as Purchase Agent" as contained in the Application Form;

(ii) Second Appointment

As an agent to sell the Commodity to commodity buyers on behalf of the Applicant through the "Bank Appointment Letter as Sale Agent" as contained in the Application Form;

(c) Once the action in Clause 4.2(b)(i) is finalized, the Bank will sell the commodity to the Applicant on the basis of Murabahah at the Sale Price, which includes the Purchase Price and the agreed Profit Rate, with deferred payment. The Bank will act as the Applicant's representative to execute the Commodity purchase from the Bank.

(d) Subsequently, the Bank will act as the Applicant's representative to sell the Commodity in cash to third-party buyers at the Purchase Price. The proceeds from the sale of the Commodity, equivalent to the Financing amount (subject to any deductions of Charges as stated in the SMS and detailed in the Facility Notice), will be disbursed to the Applicant as per Clause 12.2 below.

(e) Payment of the Sale Price will be made in monthly installments by the Applicant to the Bank during the Financing Tenure.

4.3 Purchase Price

The Purchase Price is the actual price incurred by the Bank in purchasing the Commodity requested by the Applicant through the Purchase Request.

4.4 Sale Price

(a) The Sale Price includes the Purchase Price and the Bank's Profit Rate at the Ceiling Profit Rate ("CPR"), which will be stated in the Short Message Service (SMS) sent by

the Bank to the Applicant and detailed in the Facility Notice.

(b) The Sale Price is calculated based on the Purchase Price, which is the approved financing amount plus the Bank's Profit Rate (calculated based on the Ceiling Profit Rate) and represents the total amount to be paid by the Applicant on a deferred basis.

(c) Although the CPR has been set by the Bank, the Bank allows the Sale Price to be paid in installments based on the Effective Profit Rate ("EPR"). The Bank will provide Ibra' (rebate) for the difference between the CPR and the EPR (if any).

4.5 Authority of Representation

(a) The Bank's appointment as the Applicant's representative as per Clause 4.2(b) above is unconditional and irrevocable.

(b) The Bank is authorized to execute and deliver any documents or instruments deemed necessary by the Bank in fulfilling its obligations as stated in Clause 4.2(b) above.

(c) The Bank will strive to ensure that the proceeds from the sale of the Commodity as stated in Clause 4.2(b)(ii) are not less than the Bank's Purchase Price.

(d) Without prejudice to the broad meaning of Clause 4.2(b) above, the Applicant acknowledges that under the arrangement between the Bank and any commodity buyer or supplier or third party, the Bank may be required (and the Applicant agrees that the Bank may) to disclose that the Bank acts as the Applicant's representative and name the Applicant as the principal.

(e) The Applicant agrees that the Bank is authorized to maintain its accounts or multiple accounts with the Bank on behalf of the Applicant to facilitate the Applicant's payment of the Financing amount (if applicable).

(f) The Bank acknowledges and confirms that all proceeds from the sale of the Commodity as stated in Clause 4.2(b)(ii) will be credited to the Applicant's account with the Bank and/or any account permitted by the Applicant. The Applicant shall do all necessary acts for the execution of the provisions of this Financing.

4.6 Agency Limits

(a) Regarding the powers, discretion, and duties under this Financing, the Bank will act solely as the Applicant's representative to the extent expressly provided under this Financing and will not be considered the Applicant's representative in any other matters.

(c) The Bank's appointment as the sales representative under this Financing will take effect from the date of the Bank's appointment as a sales representative as stated in Clause

Terms And Conditions For BSN MyRINGGIT-i Financing Facility

4.2(b)(ii) and will end when the Commodity is sold to a third party. **5.2** This offer will be considered void if the Applicant fails to meet the above approval requirements.

4.7 Transfer of Ownership

- (a) The Commodity will be sold to the Applicant on an "as is" basis. Once the transaction as stated in Clause 4.2(b)(i) is completed, ownership and possession of the Commodity along with the rights, interests, benefits, and liabilities will immediately transfer to the Applicant.
- (b) Although the physical possession of the Commodity may be delivered to the Applicant, the Applicant acknowledges that physical possession of the Commodity is not required for transactions under this Financing. If the Applicant intends to take physical possession of the Commodity, the Applicant agrees to notify the Bank in advance before the sale transaction is conducted by the Bank and will be fully responsible for all expenses, costs, and charges related to the taking of physical possession of the Commodity.
- (c) Based on the concept of selection due to defects (khiyar al-'ayb), the Applicant may request compensation for any defects in the Commodity. However, the Applicant and the Bank agree that the Bank will assign its right to the Applicant to request compensation directly from the Commodity seller.
- (d) If the Bank purchases the Commodity from the Commodity seller, the Applicant has rights to all warranties related to the Commodity from the Commodity seller. The Bank will not provide any warranties regarding the Commodity to the Applicant.

4.8 Promise (Wa'd)

Through the Purchase Request, the Applicant promises based on the Shariah principle of Binding Wa'd to purchase the Commodity from the Bank at the Sale Price according to the provisions in these Terms and Conditions. The Applicant agrees that transactions under this Financing will be executed subject to the Applicant not canceling the Purchase Request.

4.9 Confidentiality

Subject to Clause 4.5(d) above and Clause 29.1 of Part 2, the contents of this clause and transactions as stated in Clause 4.2(b)(i) and (ii) shall be kept confidential by the parties involved throughout this Financing and after its termination, except for matters that are public knowledge other than through the fault of the involved parties and unless required by court order or a governing authority with jurisdiction.

7. DEFAULT RATE (IF APPLICABLE)

7.2 After the reduction of the Ibra' rate, the Monthly Installment to be paid for the remaining Financing Tenure will be adjusted accordingly in line with the Default Rate.

7.3 The Bank may review the granting of Ibra' and restore the Profit Rate to the current EPR after the Customer:
